THE STATE OF NEW HAMPSHIRE

TOWN WARRANT 1989

To the inhabitants of the Town of Fitzwilliam, in the County of Cheshire, in said state, qualified to vote in town affairs, you are hereby notified to meet at the Town Hall in said Fitzwilliam on Tuesday, the fourteenth day of March next at seven (7:00) o'clock in the afternoon to act on the following subjects:

ARTICLE 1. To bring in your votes for the election of one Selectman for thr e years, one Town Treasurer for three years, one Town Clerk - Tax Collector for three years, one Fireward for three years, one Cemetery Commissioner for three years, one Trustee of Trust Funds for three years, one Trustee of Library for three years, two Planning Board members for three years, two Planning Board members for one year, two members of the Budget Committee for three years, and three Commissioners of Plante Memorial Park for one year.

Polls will open not later than 2:00 p.m. and close not earlier than 7:00 p.m., or such later time as shall be authorized by vote of the town.

ARTICLE 2. To hear and act upon the reports of agents, committees and officers heretofore chosen.

ARTICLE 3. To see if the town will vote to appoint a committee to have charge of the Memorial Day exercises, or take any action thereon.

ARTICLE 4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

ARTICLE 5. To see if the town will vote to raise and appropriate the sum of \$50,000.00 for the reassessment of of the town and to authorize the Board of Selectmen to enter a contract for this purpose, or take any action thereon.

ARTICLE 6. To see if the town will vote to raise and appropriate the sum of \$14,000.00 to paint the exterior of the Town Hall, or take any action thereon.

ARTICLE 7. To see if the town will vote to raise and appropriate the sum of \$5,000.00 to construct a ramp to provide handicap access to the Town Hall, or take any action thereon.

ARTICLE 8. To see if the town will vote to raise and appropriate the sum of \$4,500.00 to replace the two furnaces in the Town Hall, or take any action thereon.

ARTICLE 9. To see if the town will vote to raise and appropriate the sum of \$3,000.00 to purchase a computer for the Town Clerk - Tax Collector, or take any action thereon. (Not recommended by the Budget Committee.)

ARTICLE 10. To see if the town will vote to raise and appropriate the sum of \$75,000.00 to be added to funds appropriated at the 1988 Annual Town Meeting for the reconstruction of the West Lake Road, or take any action thereon.

ARTICLE 11. To see if the town will vote to raise and appropriate the sum of \$50,000.00 for the purchase and crushing of gravel to be used on town highways, or take any action thereon.

ARTICLE 12. To see if the town will vote to raise and appropriate the sum of \$20,000.00 for the resurfacing of town highways, or take any action thereon.

ARTICLE 13. To see if the town will vote to raise and appropriate the sum of \$25,000.00 for the construction of a building, purchase of capital equipment, and other costs incidental to establishing a recycling program at the Town Trash Transfer Station, or take any action thereon.

ARTICLE 14. To see if the town will vote to raise and appropriate the sum of \$50,000.00 to purchase a parcel of land suitable for a future Fire Department substation and police station, or take any action thereon.

ARTICLE 15. To see if the town will vote to raise and appropriate the sum of \$16,100.00 for the purchase of a vehicle suitable for the use by the Police Department, or take any action thereon. (Not recommended by the Budget Committee.)

ARTICLE 16. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the purchase of hose and fittings for the Fire Department, or take any action thereon.

ARTICLE 17. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the purchase of large diameter hose for the use of the Fire Department, or

take any action thereon.

ARTICLE 18. To see if the town will vote to raise and appropriate the sum of \$2,000.00 for the purchase of protective clothing for the use of the Fire Department, or take any action thereon.

ARTICLE 19. To see if the town will vote to raise and appropriate the sum of \$4,500.00 to replace the double doors on the hall at the rear of the Depot Fire Station, or take any action thereon.

ARTICLE 20. To see if the town will vote to raise and appropriate the sum of \$10,000.00 to be added to the Fire Department Capital Reserve Fund for the purchase of equipment for the Fire Department, or take any action thereon.

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of \$1,800.00 to support the operation of the Meadowood County Area Fire Department, or take any action thereon.

ARTICLE 22. To see if the town will vote to raise and appropriate the sum of \$200.00 for the support of the Grand Monadnock Arts Council, or take any action thereon.

ARTICLE 23. To see if the town will vote to raise and appropriate the sum of \$1,680.00 for the support of the Monadnock Family Services, or take any action thereon.

ARTICLE 24. To hear the report of the Budget Committee and pass any vote in relation thereto.

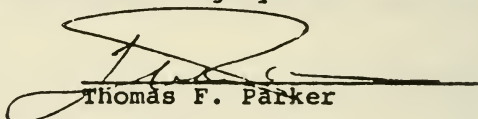

ARTICLE 25. To see if the town will vote to accept a conveyance to the town of a certain parcel of land known as the Holman meadow, containing 9.5 acres and shown on the Town Tax Map as Map 10, Lot 43, or take any action thereon.

ARTICLE 25. To see if the town will vote to authorize the Board of Selectmen to sell tax deeded property, or take any action thereon.

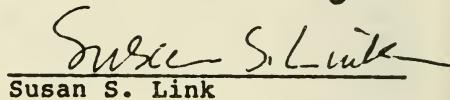

ARTICLE 26. To see if the town will vote to authorize the Board of Selectmen to trade, sell, or otherwise dispose of any unusable vehicles or equipment of any of the departments of the town, or take any action thereon.

ARTICLE 27. To see if the town will vote to establish a mandatory recycling program in connection with the disposition of solid waste generated within the Town of Fitzwilliam, to authorize the Board of Selectmen to designate the types of materials to be recycled, to set the effective date of the recycling program, and to establish such rules and regulations as may be necessary to ensure an effective program, or take any action thereon.

GIVEN UNDER our hands this 20th day of February in the year of our Lord, nineteen hundred and eighty-nine.

Thomas F. Parker

Donald O. Crutchley

Susan S. Link

Article 37 - Voted to authorize the Board of Selectmen to establish suitable dump user fees.

MARCH 8, 1988 SYNOPSIS
ANNUAL TOWN MEETING - FITZWILLIAM, NH

Article 38 - Voted to see what action the Town wishes to take relative to the funds remaining in the 225th Anniversary Committee Account. The amount remaining is \$3,359.00. Suggested that the memorial plaque on front of Town Hall be updated; that an outdoor bulletin board be placed in the common for public notices; and that a permanent stone marker be placed at the Depot Park.

Article 39 - This Article passes as amended to read: To name the SPORTS FIELD the Charles Wallace Sports Field.

Article 40 - Voted to authorize the Board of Selectmen to transfer any interest the Town may have in and to a .28 acre piece of property on the Pierce Road to David L. Hill and Nancy H. Hill, the abutting property owners.

Article 41 - Voted to authorize the Board of Selectmen to sell tax dedeed property.

Article 42 - Voted to authorize the Board of Selectmen to trade, sell, or otherwise dispose of any unusable vehicles or equipment of any of the departments of the Town.

Article 43 - (By petition) (By ballot) Voted to adopt the provisions of RSA 72:1-c which authorizes any town or city to elect NOT TO ASSESS, LEVY AND COLLECT A RESIDENT TAX. Results of ballot voting as follows:

Yes	70	No	9
-----	----	----	---

The meeting adjourned at 10:30 PM.

Respectfully submitted,,

Jane R. Wright, Clerk

SELECTMEN'S REPORT 1988

We would like to extend our sincere thanks and appreciation to everyone who has served on the various Town Boards and Committees during the past year. Your efforts continue to make our town a better place in which to live. We also encourage others not yet involved to lend a helping hand. By getting involved, you can help shape Fitzwilliam into the kind of town you would like it to be.

There have been a number of changes in the Selectmen's office this year. The partition authorized at last year's Town Meeting has been erected and our office moved across the hall. This has provided the Board with the space necessary to operate more efficiently, while our former office space has provided more room for the Town Clerk/Tax Collector. This year we plan to move the Town Treasurer's records into the Town Hall as well.

We also had personnel changes. Mrs. Catherine Favreau resigned from the Board and was replaced by Mrs. Susan Link. Miss Mary Crooke was hired to fill a vacancy as our Administrative Assistant. We're pleased to report that this is working out extremely well.

A number of projects have been accomplished this year. After several years in the works, a comprehensive personnel policy has been adopted to cover all Town employees. We have computerized our financial records to include income, expenditures, and payroll. This has resulted in both savings in time and much better control of our financial picture. The codification of our ordinances is underway and should be completed in the near future.

Each year we have included the number of building permits issued, and this year is no

exception. During 1988 we issued a total of 130 building permits, which is down from 144 the year before. Most surprising, however, is that this included 17 new homes, down from the 49 new homes in 1987. This is, in fact, the lowest number of permits for new homes in several years. The assessed valuation of the Town rose to \$51,726,485.00, up 7.6% from 1987.

Last year we recommended a building program in order to meet several needs of the Town. Fifteen thousand dollars was appropriated for architectural costs, for a new police and fire, substation building to be located adjacent to the Town Hall. Concerns were expressed at that time as to whether our plan was the best approach. After Town Meeting, we held a public hearing to obtain more input about the project. Out of that hearing, a committee was formed to make recommendations as to how best meet our objectives. Early on, this committee recommended that expansion not take place at the present Town Hall, citing lack of space for expansion, congestion, and a reluctance to make any changes to our historic Town Hall. The committee recommended that the police station and fire department substation be located on Route 12, in close proximity to the Town Hall but outside the Historic District. A location has been chosen and an option to purchase obtained. We believe the location is ideal for our needs and the price is very attractive. We have included an Article on the Warrant this year to raise the funds. We strongly recommend that the land be purchased now while it's available. We are holding off on building plans in the meantime to avoid too heavy an impact on the Town budget.

The need for more office space has been parti-

ally met with the creation of a new Selectmen's office, thus freeing our former office space for other uses. Eventually, we will require more space as we continue to gather all Town records, which are now kept in private homes, into the Town Hall. The need for this space will be the subject of future plans.

We are addressing the handicap access issue by requesting funds this year to build a ramp and platform entering by the rear door of the Hall. This appears to be the easiest way to meet the requirement with a minimal impact on the aesthetics of the building.

During 1988, a new roof was put on the Town Hall. The good news is that the cost was well under the money appropriated for the job. The bad news is that damage was sustained due to leaks and staining. The damage due to leaks was repaired and charged to the contractor. The staining of the south side of the building has not yet been repaired. We obtained estimates of the cost to clean and re-paint, and charged the contractor accordingly. This year we are requesting funds to paint the entire building. We are also requesting funds to replace both furnaces. Our oil man has advised us that due to their age, the furnaces are no longer operating efficiently or dependably. The project includes furnaces, burners and duct work to tie them into the existing heating ducts within the building. This last project should allow a more efficient and economical heating of the Town Hall.

The proposed rock crushing operation at Webb Quarry has been of concern to many of our residents. We have received close to 100 letters expressing both concern and outright opposition. The Board of Selectmen will not have a

direct role in determining whether their operation will be allowed or not. This task falls within the purview of the Planning Board. We do, however, recognize the complexity of the issue and have engaged both a law firm and two consultants in order to insure that the Planning Board has the very best in both legal and technical advice available.

This year we are recommending that the Town be re-assessed. Our last re-assessment was done in 1981. Since then, real estate values have changed drastically. This has resulted in numerous inequities which can only be corrected with a complete re-assessment. An Article to this effect is on the Warrant.

We would like to dispel one myth concerning re-assessment. Re-assessment does not result in raising more tax dollars. The dollars to be raised are determined by the dollars appropriated. The more we spend, the more we raise. What re-assessment does do is to spread the tax load more equitably. This means that while some will have higher tax bills, others will have lower bills. Fairness is the key word.

Each year the Department of Revenue Administration compares actual sales in Town with assessed valuations to arrive at an equalization figure. This figure, along with our total assessed valuation, is used to arrive at an equalized valuation of the Town. This equalized valuation is then used to determine our share of both the County budget and school district long-term debt re-payment. It is our opinion that there are too many inequities in our assessments to guarantee the accuracy of their equalization figure. In the past, this has meant that Fitzwilliam has paid a larger

share of both the school and county costs. We hope to have this corrected in future years.

We still do not have a long-range solution to the solid waste problem. We have continued our membership in the Ashuelot Valley Refuse Disposal District. As you no doubt have read in the local papers, their efforts to site a landfill have met with complete failure. At this time, they are calling for meetings with local officials in an attempt to gain both support and direction.

Meanwhile, we have continued to work with the towns of Jaffrey and Dublin in an effort to upgrade the Jaffrey landfill into an acceptable long-term landfill. Our consultants have prepared the plan, and it has been submitted to the State. As of this time, the State has neither accepted nor rejected the proposal. There appears to be a real reluctance on the part of State officials to accept any long-term plan from any one or several of the towns.

There are two things that we are certain of when it comes to solid waste. First, we will continue to run a trash transfer station and haul the waste to one location or another. Second, recycling will be a large part of any solid waste program. In this regard, we are looking at our trash transfer equipment both in terms of capacity and whether we should continue to lease the equipment or whether long-term savings could be made by purchasing our own compactor and container. In the area of recycling, we have established a committee to work with our Board to get the program off the ground. This year, we are requesting funds to set up a building and purchase capital equipment. We are also requesting author-

SELECTMEN'S REPORT 1988

ity to make recycling mandatory once we are ready to handle the material. We are looking for your support to make recycling work.

Finally, we are pleased to report that the Royalston Road project has been completed. Work has started on the West Lake Road project and as we indicated last year, we are requesting additional funds this year to complete that project. This Board and our Road Agent are working with the Planning Board to integrate future road re-building into both their master plan for the Town and a capital improvement plan.

February 6, 1989

Board of Selectmen
Town of Fitzwilliam, New Hampshire

We have examined the financial statements of the various funds and account groups of the Town of Fitzwilliam, New Hampshire, for the year ended December 31, 1988, and have issued our report dated January 30, 1989. As part of our examination, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such an evaluation is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of auditing procedures that are necessary for expressing an opinion on the financial statements.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed derived benefits and that evaluation of these factors necessarily requires estimates and judgments.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally with respect to the estimates and judgments required in the preparation of the financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study of the system of internal accounting control for the year ending December 31, 1988, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. The study and evaluation disclosed no weaknesses which we consider to be

February 4, 1989

material. The following recommendations were developed from our observation of the Town's operations and are not the result of any special study.

OTHER CASH ACCOUNTS

The Selectmen control the cash accounts for several special funds included in the Town's books. State law requires that all Town funds be held by the Town Treasurer. We recommend that the Selectmen turn these accounts over to the Treasurer to comply with state law.

FINANCIAL REPORTING

Summary reports prepared during the year did not include all activity for the year. Several items which were accounted for in detail were omitted from the summary information, causing variances to arise. Complete, accurate information is required for the Town's management to adequately monitor financial activity during the year. Additional audit time was required to resolve these variances. We recommend that all summary reports are reconciled to the supporting detail accounts to insure that reporting is accurate and complete.

RECONCILIATION OF TREASURER'S AND SELECTMEN'S RECORDS

During the year, the Treasurer's and Selectmen's records were not reconciled. Such reconciliations act as a system of checks and balances to insure that financial information is complete, accurate and timely. We recommend that periodic reconciliations between the Selectmen's and Treasurer's records be performed, to insure proper reporting of the financial activity of the Town.

COMPUTERIZATION

We commend the Town officials for computerization of the accounting function. The implementation of a computer system is an ongoing process to obtain the optimum results. We recommend the Town continue to develop and improve the computer system so as to obtain the financial information, required by Town officials to monitor the Town's financial activity, with the most efficiency.

A letter of this nature concentrates on identified problem areas. We do not mean to imply criticism of Town officials but, to highlight areas where we believe operating systems can be strengthened. We wish to express our thanks to the officials of the Town for their assistance during the course of our audit.

Very truly yours,

Carey Wachen & Chubb, P.C.

BUDGET COMMITTEE REPORT FOR 1988

The residents of Fitzwilliam were surprised and concerned to receive a tax bill of \$39.04 per \$1000 in the month of December. Their feelings regarding this \$7.83 increase over last year were made clear to several members of the Budget Committee. 49% or \$3.83 of this increase could be directly attributed to Town government. As a result, we feel an explanation is in order.

There were two major factors that lead to this fiscal development, the first being a loss of revenue. In 1988 we had estimated revenues (excluding taxes) of \$429,000 - a decrease of \$82,000 from the previous year. Second was an absence of a surplus (fund balance) to be applied against Town government liabilities. This resulted from tighter control over budget projections for 1988. Last year we were able to apply \$82,444 against local obligations.

These two figures amounted to \$164,444 which the Town could not apply against its obligations. The absence of these off-setting sources of financial assistance accounted for about \$3.00 per \$1000 on your tax rate. Below is a breakdown of your property tax rate as it applies to our obligations for Town, County and School.

	Town Tax	County Tax	School Tax	Tax Rate
1988 Assessment	\$11.01	\$3.88	\$24.15	\$39.04
% of Total	.28%	.10%	.62%	1.00%
1987 Assessment	\$7.18	\$3.01	\$21.02	\$31.21
% of Total	.23%	.10%	.67%	1.00%
Net Change 1988	\$3.83	\$.87	\$3.13	\$7.83
% of Total	.49%	.11%	.40%	1.00%

BUDGET COMMITTEE REPORT FOR 1988

The Budget Committee welcomes the input of our Fitzwilliam citizens regarding the needs of the Town. We strongly urge your attendance at the budget hearing in addition to the Annual Town Meeting. As committee members our goal is to establish a budget which will maintain the quality of life our local residents have come to expect while maintaining fiscal responsibility.

Respectfully submitted,

Austin J. Killeen, Jr.
Chairman

Reino M. Lilback, Vice Chairman
Carl J. Hagstrom, III. Secretary
H. David Holmes
Thomas B. Lacy
David A. Krisch

FIREWARDS REPORT

The Fitzwilliam Fire Department responded to 136 calls in the period from December 1, 1987 through November 30, 1988. There were 24 fire related incidents including 2 structure fires, 9 chimney fires, 5 brush fires, 1 furnace call, and 1 electrical problem. There were 11 mutual aid calls, 7 for working fires, and 4 for cover. The Department also responded to 16 motor vehicle accident calls and 69 medical emergency calls unrelated to motor vehicle accidents, including one lifeline call. In addition, there were 9 automatic fire alarm calls, 4 gas wash calls and 3 smoke investigations.

EQUIPMENT

Our front line pumpers, the 1978 Ford and the 1965 International continue to be in good condition. Some refurbishing of the 1978 Ford will be in order soon so that this unit will continue to give good front line service to the Town. Although the 1965 International continues to give excellent service to the Town as it has from the time of its purchase, concern continues for availability of parts when routine maintenance is necessary. The 1978 Mack tanker and the forestry truck are in good condition. The auxiliary forestry tanker, was worked on during the year, and continues to be servicable for both the fire department and the highway department.

During 1988 the reel truck conversion project was completed and that unit is now in service. In addition, the next installment of large diameter hose to replace the old hose was purchased during the year. This program will continue until all new hose is purchased for the truck.

The 1977 Chevrolet rescue truck had substantial engine and body work done to it during 1988. Although this was a project that we had in our budget, since the budget was cut by recommendation of the selectmen and the budget committee prior to the Town Meeting, we were unsure as to whether this project could be completed. Fortunately, we were able to get the work done and keep this heavily used vehicle in service for a few more years.

During the year we have made greater use of the talent and facilities of the highway department for maintenance projects on our vehicles. This benefits the Town by allowing quality work to be done "in-house" and also allows the highway crew to be active when any slack

times occur. Our thanks to the highway agent and his crew for their work in this area.

TRAINING

CPR re-training took place during 1988. We hope to continue this feature during 1989, however, changes in the regulations may require a delay so that we can get certified instructors. Aside from drills during most months of the year, members also participated in various training courses at Meadowood and elsewhere.

As usual, our Red Cross certified personel, EMTs, and first responders must continue to get recertified. One of the problems we encounter in the rescue training area is to get certified instructors from the state available for training courses. Those who rely on the rescue service in the Town should be aware of the difficulties of having the state mandate programs, but not having the training programs organized and available to meet the required standards. At present we are trying to get a first responder's course organized to re-certify present personnel and generate interest in having new personnel from within and outside of the department participate. We feel this would greatly benefit the Town.

1989 WARRANT ARTICLES

As usual, at the Town Meeting, we expect to have so-called "special money" articles for fire department purposes. This year we expect that there will be 4 such articles.

There will be a request for \$2,000.00 for the purchase of protective clothing. This has become an ongoing request to allow us to upgrade our equipment to meet the specifications of National Fire Protection Association (NFPA) Pamphlet 1500. At present, outfitting each member under the new standards costs upwards of \$1,000.00. We expect that this rather nominal request will have to increase as we add new members and have to replace the gear of current members. During 1988, various items of replacement equipment were placed in service including bunker gear, helmets, boots, and gloves.

We also have our request for \$2,000.00 to continue the replacement of 4 inch hose on the refurbished reel truck. This is the third installment. We hope to purchase another 500 feet of hose this year. 500 feet of hose was purchased in 1988. We now have slightly over 1,000 feet

of new hose and over 1,000 feet of old hose on the reel truck. We plan to request one more purchase to be made on this installment plan in 1990.

We also have an article in this year for \$2,000.00 for the purchase of appliances and small diameter hose. This is a routine upgrading to keep our front line pumpers properly equipped with nozzles, adapters, and hose.

Each year when we go before the budget committee we request a capital reserve article to put away money for the purchase of a new truck. For many years we were on a 10 year replacement plan. This has been substantially altered in the last several years due to the purchase and remodeling of the tanker, and the refurbishing of the reel truck. In view of these other projects, and in view of the overall size of the budget, both the selectmen and the budget committee have felt that a capital reserve article was not appropriate, thus it never reached the voters. This year we requested a capital reserve of \$15,000.00. The selectmen and the budget committee are recommending \$10,000.00. The primary purpose of this capital reserve fund is to serve as a "savings plan" for the purchase of a new front line pumper. If the Town is fortunate, this purchase may not have to be made for a few more years, however, in the event any problems are encountered with the 1965 International, and repairs are either not feasible, or unable to be made, a new front line truck will have to be acquired. On the old 10 year plan, this vehicle would normally have been purchased in 1987 or 1988. If the 1965 International continues in service, we would hope that the new truck would not be necessary until 1991 or 1992.

Finally, there is an article on the warrant for the purchase of land for a new police/satellite fire station. The firewards are aware that the purchase of the land and any construction project on that land will be expensive, however, although the old Eagle Engine Company #1 building next to the Town hall is historic, for various reasons, it is not adequate as either a satellite fire station or a police station. Over the last several years, several committees have worked on this project, and many alternatives have been discussed. Action will have to be taken in this area fairly soon, and the firewards support the idea of acquiring the land as soon as possible.

MEADOWOOD

As usual, the Town budget includes an amount of money to be paid for the operating expenditures of the Meadowood

County Area Fire Department. As always, Meadowood has been of assistance to the Town. We thank Meadowood for its continuing support, and urge the voters to continue the appropriation for Meadowood's benefit. We also ask those of you are able to do so to support the Meadowood Annual Fund Drive for capital improvements, which is a direct appeal made by the board of directors.

Respectfully submitted,

William N. Prigge
Charles G. Kenison

BOARD OF FIREWARDS

POLICE DEPARTMENT REPORT 1988

1988 was a year of change. We started the year with only 2 full-time officers. In April a third full-time officer was hired and our force was back to strength. However, this officer resigned unexpectedly after only four months to join a larger department. At this time Officer Daniel Bigda, a part-time officer for this department, moved into the third full-time position. We have been able to withstand these changes and successfully keep the department running smoothly, with little disruption in Town services. Our most significant accomplishment this year was the successful investigation of crimes, with the most serious cases cleared: out of 153 cases, 134 were cleared, 19 were not cleared and 1 was unfounded. The number of persons taken into custody was 117.

Crimes against children are up slightly over last year. We are working closely with the NH Department of Health & Human Services Division of Children and Youth to keep abreast of this most disturbing problem.

Thefts continue to be a problem. Burglaries are down 40% from last year. Active community participation is still our primary defense against crime. Please remember, whenever you see or hear anything that doesn't seem quite right and you think the police should know, don't hesitate - call us, day or night.

The total number of calls for service, 1,033, was down slightly from last year, while the number of criminal related calls was up. We were without an Animal Control Officer until August when John Wells was hired for that position and has done an outstanding job.

POLICE DEPARTMENT REPORT 1988

There were 1,016 motor vehicle stops in 1988. Of these, 59 resulted in arrests which included DWI, Operating After Suspension or Revocation, Unlawful Possession of Alcohol and others. There were 539 speeding violations and 477 stops for other minor motor vehicle violations which included stop signs, solid line violations, defective equipment, child safety laws, etc.

Accidents stayed about the same as last year. Sadly, one accident resulted in a fatality.

In 1988 approximately \$4000.00 was generated by this department (including fines returned from the Court for those arrested for Unlawful Possession of Alcohol, fees for pistol permits and Case and Accident Reports) and turned in to the Town's general fund. On behalf of the entire department, many thanks to those who helped and supported us throughout the year.

Respectfully submitted,

Scott M. Ellis
Chief of Police

Normal summer and winter maintenance, patching and roadside mowing, were done. Brush cutting was done on Pierce, East Lake, Old Troy, Gap Mountain, Warren Hil', and Old Turnpike Roads. Warren Hill Road was widened and graveled, and Bowkerville Road was ditched, rocks removed, shimmed and the surface was treated with stone seal. The large culvert by Frank Tommila's was replaced, and those on Old Turnpike Road, Templeton Turnpike and the Old Troy Road were also replaced. All dirt roads were graded at least twice, and gravel was put on Templeton Turnpike, Pierce, Rhododendron, and Putney Roads. A section of West Lake Road, between Route 119 and Creamery Road, was leveled and the culvert replaced, and then the road was graveled and treated with double stone seal.

The Department assisted with the completion of the Royalston Road project. The Department made 2400 yards of pug mix for use on the road and then that was treated with stone seal.

The metal pile at the dump was cleaned up twice, the stump dump and brush pit were pushed over weekly, and the brush pit was burned as weather permitted.

The Department also took over all maintenance of Town vehicles, which we believe will result in substantial savings.

I wish to thank all Department Heads, Select-persons and Townspeople for their assistance throughout the year.

Respectfully submitted,

Edwin O. Mattson, Jr.
Road Agent

PLANNING BOARD

The Planning Board has experienced a great increase in the number of applications for subdivisions and site plan reviews over the past year. In addition, the sophistication of the proposals and the potential impact on Town services has placed a great strain on the resources of a volunteer Board which is committed to guiding the growth of the Town legally and with an understanding of the needs of its residents. The net result of this is an unavoidable delay in being placed on the agenda and for an ultimate resolution to your proposal. Please be patient and plan to present your proposal well ahead of time

The Board has been extremely fortunate in the addition of talented Alternates and new Members during the past year and extends an invitation to all interested parties to attend our meetings and respond to vacancies as they may arise.

Respectfully submitted,

Thomas McCulla, Chairman

BOARD OF ADJUSTMENT

In 1988, eight petitioners had their cases heard by the Board of Adjustment. Of these Petitions for Variance three were approved, two were denied, and three cases were withdrawn by the petitioner at the hearing.

During the year both the Rules of Procedure and the application form for the Board were completely rewritten and adopted by the Board.

Respectfully submitted,

Thomas B. Lacy, Chairman

1988 has been another active year for the Town: 130 permits for buildings of some type were issued by the Board of Selectmen, Occupancy Permits were issued to 26 homes, and 23 oil burner permits were issued. Schools, Day Care centers, and apartment buildings were inspected, as well as wood stoves and chimneys.

A reminder to all home builders about Occupancy Permits - please contact me as soon as possible for your Occupancy Permit.

Respectfully submitted,

Edwin O. Mattson, Jr.
Code Enforcement Officer

REPORT OF THE CEMETERY DEPARTMENT

We had a good year, ut did not do all that we wanted to as the budget was cut by the Budget Committee.

We purchased three new mowers this year and would like to get two more this coming year. We would also like to purchase a brush cutter to help keep the brush down each year all around the village cemetery.

With money from the Trust Funds (\$1270.00), we completed the job of repairing all of the gravestones and curbs in the village cemetery.

This coming year, if we get the money, we would like to repair and paint the village tool house.

In the village cemetery there were:
3 burials and 4 cremations

In the Pine Grove cemetery there were:
10 burials and 2 cremations, and
7 lots were sold

There is a good deal more work to be done in both cemeteries. The lots need to be filled in and seeded, trees need to be cut or trimmed and all the roads in both cemeteries are in need of repair. With luck, if we get the money we requested, we can get a lot of these jobs done, and we can work on the remainder next year.

Respectfully submitted,

Robert Dunton
Sexton of Cemetery

REPORT OF THE DEPOT PARK

This year we would like to do a lot of work filling in the holes and putting in new walks, and planting more trees and shrubs. One of the trees that was put in last year was run down by a car and had to be removed. We will be buying a new flag for the park as the other one was damaged by the weather.

We are still looking for some granite posts to put around the common to help keep cars off the grass, and we have a stone in mind to use for the Plaque.

Respectfully submitted,

Robert Dunton
Depot Park Commissioner

Every year, plans for the Memorial Day Observance are renewed at Town Meeting. The Moderator asks for three people to form a committee to work on the program. This is only the first, small step to an enormous effort that results in a pleasant and meaningful observance to honor our war dead.

In the future, it would be most helpful if all clubs, departments and clergy involved would meet to coordinate their efforts so as not to leave the work to just one or two people. The Cemetery Commission, VFW, Boy Scouts, Girl Scouts, Brownies, Cub Scouts, Emerson School, the Garden Club, the Police Department, Highway Department, Selectmen and the Band all play a vital roll and would benefit from such a meeting.

The turnout on Memorial Day clearly indicates the importance people place on this Observance. If all those involved in the preparation could meet and exchange ideas and information, the Observance of Memorial Day could continue to be all that people expect and the work would be minimal for each participant.

Many thanks to all who helped with the program in 1988. Your interest and support was most appreciated.

Respectfully submitted,

Memorial Day Committee
Rev. Douglas K. Stewart
Catherine T. Favreau

RECREATION COMMISSION REPORT

The Town Recreation Committee has enjoyed a busy year which has seen the ball field come to reality under the determination of Sue Bemis and the expert guidance of John Holman. Loam will be spread and hydroseal applied this Spring. The Town is fortunate to have the dedication of people of this caliber to guide what would otherwise be a prohibitively expensive venture.

The Summer and Winter programs have both been successful, with a total of 100 children in the former and 80 in the latter. These are tax dollars wisely spent and we appreciate your continued support.

Respectfully submitted,

Thomas McCulla
Chairman

SPORTS FIELD

After four years of paperwork, phone calls, red tape, setbacks, letdowns and more paperwork, the sports field shows physical evidence of progress. The project is 80% complete and financially well within the budget and projected costs. Permission from the State was granted to extend federal funding into 1989 to complete the field.

In June, the committee asked John Holman to take responsibility for supervising the excavation and construction of the field. We are grateful he accepted, and work has progressed steadily under his direction.

In August, Carl B. Thomas Co. blasted ledge around the old home plate area, and bulldozers spread this loosened material across the field. Yards of gravel were trucked in, bulldozed and graded to form a level base. Gene Cuomo, Smokey Chase, Wayne Dunham, Mark Huntoon, Art Johnson, and Greg Mattson started things out with a bang on Saturday, October 1 by donating their trucks and labor from 7:00 AM to 2:00 PM to haul sand from Tommila Bros. sandpits to the field. John Holman and Ed Mattson, using 2 loaders, filled the trucks, and Jim Baab and his bulldozer spread the sand over the field. It was a sight for sore eyes! Thank you all for your community spirit.

A driveway was bulldozed and as much loam as possible was saved to be screened and used later to finish the field. Hydroseeding, a process of spraying readied loam with seed producing a grassy lawn within a week or so has been discussed as an alternative to the traditional method.

SPORTS FIELD

This Committee is still looking for the best buys on fence, dugouts, bleachers, scoreboards, etc., and is also continuing to work at laying out the boundaries for the playing fields to complete the Sports Field project.

We have received several money donations which have been deposited into a savings account at the Monadnock Bank in Troy.

Upon the sports field's completion, its name will be respectively changed to Charles Wallace Field in memory of Charles Wallace, dear friend, neighbor, kindly innkeeper - a man who generously made recreational facilities for swimming, skiing and hiking available to the children of Fitzwilliam.

Respectfully submitted,

Sports Field Committee
Sue Bemis
Peter Monether

LIBRARIAN'S REPORT 1988

The year 1988 heralded some changes at the Library and promised many more as the town continues to grow and library services to increase. In particular, 1988 saw the Fitzwilliam Town Library and myself reaching out to the statewide and cooperative library systems as smaller communities join together to offer a level of service comparable to that in larger towns and cities.

On the statistical level, Library circulation in 1988 totalled 11,118 - a slight decrease over the large jump reported in 1987. While this number reflects an increase in juvenile circulation for the fifth year in a row, I would like to be able to report in 1989 that an increase in adult circulation has occurred as well! We acquired 410 new books and discarded 80. The library collection now stands only a bit shy of the 15,000 volume mark.

The Alice Cleveland fund purchased 75 books for the Library with the Esdaile fund accounting for 65 books and 25 magazines and newspapers. Fine money purchased 28 books for the juvenile collection with trusts making possible another 85. The Korjeff collection was set up in memory of Gregory and Alice Korjeff and purchased 12 fine reference books.

The ever-generous Friends of the Library, in addition to the purchase of 21 books, have underwritten our increased programming efforts. This year they helped to bring you 6 wonderful children's programs, our Dinosaur Days Summer Reading Program and Party and 3 adult programs. We hope to continue our programming as the response, particularly for the juvenile shows, has been wonderful. Thanks to both the Friends and the Elliot Institute for their financial support.

LIBRARIAN'S REPORT 1988

A further addition to the Library in 1988 was a trial collection of video recordings. The response was even greater than expected and we hope to add to this collection in 1989.

Ahead in 1989 we face several changes at the Library that reflect changes in library services everywhere. Borrower cards will be issued to all patrons as we become used to using numbers instead of names. A computer is becoming a necessary tool in a library instead of the luxury item it once was. The Library has asked that the Town consider the purchase of an IBM compatible model for staff use (see Warrant Articles).

Our goal is to continue, as always, the personal service of a small-town library while taking advantage of the increasingly sophisticated and diverse tools available.

Respectfully submitted,

Susan M. Massin
Librarian

ASHUELOT VALLEY REFUSE DISPOSAL DISTRICT
Annual Report 12/88

1988 has been a year of growth. The search for a double lined landfill has been an interesting but discouraging process.

As a result of the landfill search, three communities have voted to withdraw from the District, those being Jaffrey, Gilsum and Swanzey leaving 16 municipalities in the 53B District. Hinsdale is in the process of reconsidering its status and Westmoreland will be looking for direction between now and town meeting.

The remaining communities are diligently pursuing any and all alternatives to resolve the trash problems which are increasing, as you well know.

In October the search for a double-lined landfill and a waste reduction facility was turned back to the 149M District, the planning entity. The 149M District will be holding informational, educational meetings shortly, asking for input and backing from all of the communities.

The budget for 1989 has been established and sent to all towns for their 1989 budgets. Anyone wishing to contact me concerning this matter is welcome to do so at 363-4320 after 4:00 p. m.

I wish to thank all of the towns and their representatives who have given so diligently of their time and efforts through a difficult year. We are looking forward to affirmative action in 1989 with major decisions to be made as the clock is running for all communities.

Respectfully submitted,

Joan Dittrich, Chairman
